

May 3, 2020 – 6 PM (2nd one today)

Text of Blast Call Notification to all resident families and employees via VoiceFriend.

Hello,

It's Bill Bogdanovich, from Broad Reach.

My intention with all this was not to become a candidate for the Do Not Call list, so I apologize for a second intrusion into your day.

But, almost all of the lab reports on the pending Oyster Pond resident tests came back sooner than we expected. One is still pending, but the other 40 are back. They're all negative.

I know when my dad was at Liberty Commons, that I would have felt a little better knowing of these continued good results, so I hope you will also agree that this merited a second message to you all today.

By the way, if you're counting, we've submitted 118 resident / patient tests since this started.

The standard closing line is to be sure you know that the dedicated information line for general questions on COVID19 is always available at 508.945.1611 x 378. You will be asked to leave your name and a number for a callback within the next business day. You may also submit an inquiry by email to info@broadreachhealth.org. These updates are also posted on the COVID-19 information link of broadreachhealth.org, so you can share this update with others if you would like.

Thanks for your continuing support.
