

May 4, 2020 – 4 PM

Text of Blast Call Notification to all resident families and employees via VoiceFriend.

Hello,

It's Bill Bogdanovich, from Broad Reach. Here's our Monday update.

We are still waiting for results on the last three Liberty Commons' pending tests.

There are just under 20 patients on Pleasant Bay unit who will be tested tomorrow, and that will complete this first round at Liberty Commons. All of the residents at The Victorian will also be tested tomorrow, along with about fifty more staff members. There will be tents set up in our main parking lot for the staff testing, as well as town rescue presence.

We will clearly have more results to report as this week progresses.

It has also been asked when facility-wide droplet precautions would be lifted. The short answer is at the point that there are no COVID-19 positive cases anywhere in the facility.

In closing, I remind you that the dedicated information line for general questions on COVID19 is always available at 508.945.1611 x 378. You are asked to leave your name and a number for a callback, within the next business day. You may also submit an inquiry by email to info@broadreachhealth.org. These updates are also posted on the COVID-19 information link of broadreachhealth.org, so you can share this update with others if you would like.

Thanks for your continuing support.
