Text of Blast Call Notification to all resident families and employees via VoiceFriend.

Hello,

It's Bill Bogdanovich, from Broad Reach.

This morning, a collaborative local effort achieved testing of all of the Victorian residents. That's in addition to those at Liberty Commons on the Pleasant Bay unit who had already been tested prior to their admission. We had them retested this morning too. That completes testing all of the residents and patients in our care.

Almost 60 more staff were tested on site as well.

With the addition of Cape Cod Healthcare's assistance, we are told these results will be able to be returned tomorrow, which you know is much quicker than has been the norm.

And with this baseline substantially completed, our priorities in testing will be to get the rest of the staff done, and then determine the best way to achieve ongoing retesting for all.

I remind you that our dedicated information line for general questions on COVID19 is 508.945.1611 x 378. You are asked to leave your name and a number for a callback, within the next business day. You may also submit an inquiry by email to info@broadreachhealth.org. These updates are also posted on the COVID-19 information link of broadreachhealth.org, so you can share this update with others if you would like.

Thanks for your continuing support.
